PUB KAMRUP COLLEGE AT A GLANCE

Pub Kamrup College, located at Baihata Chariali, Kamrup-Assam is an institute of higher education. The College was established in 1972 as a result of decade-long public desire and relentless effort for such an institute. The College fraternity as well as the locals at large are thankful to the concerned doyens for their able guidance and leadership in the act of initiation of the College. Initiated with arts stream, there are at present Science and Vocational Courses, and a few professional courses in the College.

ABOUT THE SEMINAR-

National Seminar on 'Innovative Practices on Teaching, Learning and Evaluation in Higher Education'

Innovation is the change that creates new dimensions of performance, the seed of which sprouts in educational institutions that grows and blossoms in the workplace. Rising competition, widespread educational activities, global character and enhancement of technology have brought new challenges and opportunities in teaching-learning process. Evaluation is an indispensable mechanism of the educational system. The existing evaluation system of India has been criticised from different perspectives. A new paradigm of teaching and learning is needed to increase the students's active participation, perception and cognitive development.

In the context of changing global scenario, therefore, educationists, policymakers, teachers need to put their endeavour towards revamping the system and prepare a model which should not only assess the rote memory of students but prepare them to face a highly competitive world. The deliberation of the seminar will also focus on the issues related to present evaluation system and suggest for its improvement to make it adaptable to the present global needs. Since there is no system of apprenticeship, need of such deliberation is highly significant. With this background, the National Seminar on 'Innovative Practices on Teaching, Learning and Evaluation in Higher Education' is going to be organized by the Department of Education, Pub Kamrup College in collaboration with IQAC of the college. The objectives of the seminar are to provide a special forum to present and discuss innovative practices in curriculum designing, transitioning, evaluation and all its relevant aspects to facilitate sharing of research based knowledge among teachers, academician, researchers, administrators, policy makers, teacher educators, teacher trainees, and students through keynote speech, paper presentation and interaction that will enable the teachers to go beyond the traditional ways of teaching through mere chalk and talk method and text book.

THEME OF THE SEMINAR-

"Innovative Practices on Teaching, Learning and Evaluation in Higher Education"

SUB THEMES-

- Innovative practices in teaching learning in higher education
- Curriculum designing in Higher Education
- Instructional Strategies in Higher Education
- Innovative teaching learning, Evaluation in Teacher Education
- Constructivist learning Approach.
- Teaching, learning for diversity, inclusion and special Educational Needs
- Open and Distance Learning: issues in teaching, learning and evaluation
- Integration of ICT in teaching, learning and evaluation in Higher Education
- Evaluation in Higher Education-Emerging problems and Solutions
