- strongly agree

Analysis of the Report

The teachers consider the Administration of the College as teachers friendly. Teachers also have the freedom to adopt/adapt new techniques/strategies of testing and Students' performance. Further, teachers consider that the course/syllabus increased their knowledge and perspective in their subject area.

There are certain aspects like University syllabus, Prescribed course content in which the college has very little to do. In the issue of availability of sufficient nos. of prescribed books in the College library, the feedback shows lowest rank. Besides, there is a need of adequate and smooth support for projects and research facilities in the College.

Regarding opportunity, the college can request and suggest the affiliated Universities to reform certain content of the syllabus so that syllabus suits respective courses. The college have the better scope of utilising infrastructural facilities available within the college.

Recommendations:

- Infrastructural facilities, such as teacher's room/carrels, class rooms, reading rooms, toilets, etc. should be renovated/provided considering need and urgency.
- The report must be read to understand some issues/problems and to take necessary action wherever necessary.
